Husqvarna K760 CNB Cut-N-Break Power Cutter Twin 9 Inch Blades 5 Hp 967195701 16 Inch Depth K 760 Freight Included

Our Cut-n-Break method is the natural choice when you need to cut deep without overcutting at the corners. The K 760 Cut-n-Break enables you to cut as deep as 16" from one side. The two high-speed blades make a core in the saw cut, which can then easily be broken off using the accompanying breaking tool. This way you easily work your way through the material, at a very low diamond tool and maintenance cost. Delivered with twin blades and a breaking tool.
