Extended Warranties for Equipment Valued up to 7499.99 Available
Cleaners Priority Service Warranty SBMW

PG 510 is a concrete floor grinder available in both 1- and 3-phase versions with high capacity. Its grinding width of 21 in. means it is excellent for residential and light commercial purposes. PG 510 and PG 530 combines the latest technology to deliver more power and

performance than any other triple head planetary machine available in its class. Excellent choice for concrete floor preparation and repair as well as all polishing and grinding applications – both wet and dry. Perfect for HiPERFLOOR®; concrete floor polishing system.

The PG 510 is a planetary floor grinder with three grinding discs and a total grinding width of 515 mm. It is suitable for removing coatings, grinding and polishing concrete, etc. The grinding head on the PG 510 is effectively sealed to keep dust and moisture out. This greatly extends the lifetime of the bearings and belts.

The PG 510 is ideal as a rental machine and suitable for both professional and semi-professional work.
