Simoniz B0311001, Black Back Silicone Tire & Trim Dressing 1 Gallon Bottle - B0311 UPC: 732009031142

Manufacturer: Harvard Chemical Research

Simoniz B0311001 Black Back Silicone Tire & Trim Dressing 1 Gallon Bottle Description

A silicone-rich, high gloss, Solvent-based liquid which beautifies and conditions the rubber and vinyl trim on vehicle exteriors. This dressing offers an affordably high shine with good durability and UV protection. Restores faded bumpers, wheel opening and body-side moldings to a fresh new look. It's the ideal way to restore that "new look" to tires, mouldings, etc.

They should only be used on dry exterior surfaces and not in interiors or engine bays.

Features

- Ready to Use
- Solvent Based
- Water Resistant
- UV Protection
- High Gloss New Look
- Rejuvenates exterior black rubber tires & trims

Specification

Appearance:	Blue transparent liquid
Odor:	citrus scented
PH	N/A
Specific Gravity:	0.81
Flash Point:	110°F
Biodegradable:	Yes

Directions

Prior to applying Black Back to tires or trim, clean the surfaces thoroughly. Apply with a trigger sprayer, pump sprayer or sponge. Additionally the use of a sponge type paint brush makes the application quick and causes less overspray and dripping. Apply to surface and let dry. For a more softer satin black look, wipe with a clean rag.
