#### Bundle advantages:

25 ft hose is long enough to go all the way around the car. No need to relocate the machine.

Dual vacuum motors means operates 50+ feet of hose with ease.

Can be converted to home and office carpet cleaning machine with optional carpet cleaning wand.

Operates on dual 15 amp breakers. Plugs in everywhere without tripping breakers. It is way easier to plug in to power cords at 15 amps each than a single 20 amp 120 volt outlet as not all outlets can handle a 20 amp draw.

All outlets can operate this machine. No need to prequalify the job having 20 amp breakers.

50% stronger and faster and single 20 amp power corded machines.

Wand cleaning both directions, both forward and backwards. Finish 50% faster!

Hotter water with dual heaters. Each heater operates on a separate power cord.

Fits in the truck of every car. This is what we use in our rental pull hear at Steambrite.

Out of hundreds of machines to pick from this is a favorite.
