

Model Number: 24012-026

Winco Generators WL12000HE-18/A 3 Phase Industrial Portable Generators 12000 Watt 277/480V GX630cc Honda 24012-026

Manufacturer: Winco Generators

Winco Generators WL12000HE-04/A 3 Phase 277/480V 3-PH Industrial Portable Generators 12000/10800 Watt 120 GX630cc Honda/OHV Engine 24012-026

WL12000HE

The WL12000HE is the workhorse of Winco's Big Dog portable generator series. The WL12000HE will save you time and money giving your company a competitive advantage over crews using other portable generators. The 15 gallon fuel tank provides 9 hours of run time at full load so you won't have to take unscheduled breaks to refuel your industrial generator. The factory installed lifting bar makes it easy to get this generator on and off the roof while the pneumatic tires on the four wheel dolly kit make maneuvering this generator easy. The WL12000HE is the preferred portable generator in the flat top roofing industry. It is durable enough to handle the hours while providing clean power for sensitive equipment.

The WL12000HE-02A 3 phase 277/480V 3-PH will have an L19-30 receptacle.

Neither come standard with a Battery or the wheel kits.

120/208V 3-PH

WINCO's first 3-PH Big Dog!

Honda GX630 Engine

You expect the best, you get the best. The Honda GX630 is better than ever. Including improved adaptability, quieter operation, and greater fuel efficiency.

Low Oil Protection

In the event of low-oil level, the engine will shut down, which will protect the engine from damage.

Powder Coat Paint

Incredibly strong finish.

Sturdy Wrap Around Cradle

14 Gauge, welded, tubular steel provides industrial strength support.

15 Gallon Fuel Tank

EPA Approved steel fuel tank designed to eliminate hydrocarbon emissions.

Premium Circuit Breakers

Provides a clear and instant indication of a tripped circuit.

100% Load Tested

You won't find statistical sampling here. We load test every generator before it leaves our facility

Engine

- Durable Honda GX630 commercial engine
- Cast iron cylinder sleeves
- Fuel efficient design
- Genuine Honda muffler is 2-3 dba quieter than other aftermarket designs
- Available in CARB compliant version/ EPA compliant standard
- Electric start

Generator

- Clean power at less than 5% total harmonic distortion
- Steady voltage regulation is safe for sensitive electronics
- Heavy duty capacitors and diodes
- 100% copper windings

Additional Features

- Large 15 gallon non-corrosive fuel tank
- Oversized full power plug
- Industrial Square D mainline circuit breaker

- Industry leading 1/60th second reaction time
- Visi-Trip indicator

- Made in USA
- Full commercial warranty

- 3 years engine
- 2 years generator
- 412 lbs
- 50 x 27 x 31

Winco Generators - Quality & Innovation since 1927.
