BMG 780 is a triple head grinder designed for finishing large horizontal surfaces. This machine is equipped as standard with a speed control system. It is an easy to use machine with low vibrations and at the same time has the highest grinding head pressure in the range. BMG 780 is equipped with a smart easy-to-use keypad that gives you all relevant information such as Amps, Volt, rpm, etc. In addition, the adjustable steering handle includes protection for the operating buttons. This is an ideal machine for companies dealing with removal of coating, concrete grinding or polishing applications

Uses 3" Vacuum hose

Factory can and will ship in any color including and not limited to red, blue, orange, black, gray, factory choice.

Demo / refurbished / blemished means: might have blemish, scratch, rust, or dent, used at a trade show, tested in the showroom by a customer, last years model, return by shipping company, returned by customer, used by factory for R&D work, no factory box, used to make a factory video... Limited stock so if you purchase it and we cannot fill the order because another customer beat you to the bargain, your money will be returned. Please do not call to see if it is still available as if the web page is up and viewable, it is available this second. If you delayed and asked if it available so your letting some other customer place the order ahead of you.

All sales are final.

Same factory warranty as brand new: 1 years parts!

Condition of this machine: "A" Only 1 at this price!

Our A rated demo equipment usually has less than 100 hours on it.

Photos are not available as these ship from the factory rep direct to the customer and have already been cleaned and packaged.

Payment by wire transfer only
