

Model Number: 20230123

Clean Storm 20230123, Triple Vacuum Motor Wet Dry Shop Vac, 20 Gallon Tank, with Tool Kit, 335 Cfm

Manufacturer: Clean Storm

Clean Storm 20230123 Triple Vacuum Motor Wet Dry Shop Vac 20 Gallon Tank with Tool Kit 335 Cfm

Description

Steambrite Wet/Dry vacuums have the capacity and power for large water recovery jobs or dry debris pick-up in the shop or on the job site. They are perfect for hard floor maintenance jobs, recovering floor strippers and hard floor cleaners easily. The 2" hose connector can accept either 2" or 1.5" ID vacuum hose and tools.

Dual 25 ft 12-3 power cord operates 3 vacuum motors. Each cord needs to operate on separate circuit phases. Built in phase notification light installed and turns bright green one you plug in correctly. Dual NEMA 5-15 Plugs for use on dual 120 volt 20 amp outlets.

Please note the filter is not HEPA on this model (HEPA version links on bottom of this page) so if you are sucking up hazardous materials, please leave the machine outside. Do not suck up flammable solvents!

HEPA version is required when cleaning Air ducts, concrete grinding, wood sanding, etc other fine dirt pickup or unit must be left outside!

Features

- This is one of the strongest 20 gallon shop vac in the world!
- This unit is manufactured with three separate 2 stage vacuum motors (6 stages of vacuum)
- The unit has 20 gallon X 18 Gauge stainless steel tank
- Washable filter media
- Triple 2.4 hp commercial duty vacuum motors make quick work of floor stripper and liquid spill recovery Triple 2 stage Vacuum motors @ 5.5 Amps Each = 16 Amp @ 240 Volts; 335 CFM @ 108.1" Water Lift 4,500 watts of vacuum. The power of 240 volt motor with the plug in convenience of simply plugging in two standard 120 volt outlets on different circuit breakers. See photo to the right. Push momentary switch to confirm you have plugged in correctly. If you do not get a bright green light, simply unplug and relocate one power cord to a new location and re-test the button again for a bright green light. Relocate and test until the light turns on and then you are good to go to work. Green light means you have plugged into different breakers on different phases. Operates over 50 feet of hose with ease!
- Convenient tip and pour feature for quick and easy debris disposal. Insulated vacuum head unit for quiet operation

- Comes complete with two-piece wand, hose, 14" carpet and squeegee tools, plus, crevice and dusting tool, 12 ft of 2" ID vacuum hose + tool kit
- The vacuum on this is strong enough to use for air duct cleaning (Hepa version required or you must leave outside).
