1-1/2in Pipe SS 800ez Valve No QD
- Quick Disconnect Coupler Needed .Male Brass Carpet Cleaners
Style (Default) 1/4

System Advantages:

Plugs in everywhere!

Way hotter than a truck mount.

The average truck mount can only produce 100,000 btu's of heat.

This is twice as hot, twice as fast. With truck mounts, using high flow tools like the Rotovac Bonzer, or the Hyper Turboforce HT777LP the water gets cold since truck mounts just do not offer enough BTU of heat.

This system is a beast of heat and super fast.

Water molecule vibration is nearly 20 times that of a portable!

Other tile cleaning system only offer 1200 psi and have to use a 12" diameter tile rinsing wand at 113 square inches of speed. At 1700 psi tile cleaning and 17" diameter cleaning path, this system 226.98 square inches of speed and clean 100% faster than 12" tools at 1200 psi!

Entire system can operate on an electric close dry plug or a 459cc generator.

Do not allow to freeze

200,000 BTU of Heat can reach 200 degrees F in 30 seconds and maintain it!

Can be turned down to as low as 550 psi or up to 2000 psi @ 3 gpm

Uses 04 nozzles

Larger nozzle size can be used to lower the amp draw per cord.

You can adjust your cleaning pressure by using the yellow pressure adjustment knob

on the side of the pressure washer or by adjusting the spray nozzle size on your tools.

Optional

Clean Storm 20210429 NEMA 14-50P Range to 14-30R Dryer Electrical
Power Cord Adapter Connector Escape Plus
Operate of some 459cc generators.

Gentron 459cc Dual Fuel Generator Electric Start Gas or Propane
12000-Watt Portable 20211023
Operate all 4 power cords when using premium or ethenol free fuel.

Electric Truckmount Electrical Converter Starter 3 Package Bundle 20170323
4 Gang No GFCI No Breakers
Operate all four power cords from an electric clothes dryer outlet or some
generators.

Truckmount and Portable Pressure and Temperature Billy Gauge Tester
20150220
Add a temperate and pressure gauge to your package.
