

Model Number: 65080

FNA Group Delco 65080 Electric Heated 1000Psi Pressure Washer 120 volt 3 gpm Freight Included

Manufacturer: FNA Group

FNA Group Delco 65080 Electric Heated 1000Psi Pressure Washer 120 volt 3 gpm  
Features

- 100 degree temperature rise in 60 seconds!
- 19 amps 120 volts @ 1000 psi
- 9.5 amp @ zero psi. Amp draw changes 1 amp for each 105psi you ask it to push
- Example 525 psi = 9.5 amps to turn on + 5 amps for pressure = 14.5 amps.
- Pump runs on electricity and heat is made by heating diesel fuel.
- Can be used for carpet and tile cleaning.
- Wheels can be removed for direct bolt down installation with "U" bolts over the axles.
- 1 gpm or more need to actuate flow controller to heat the water.
