HydraMaster 950-220-B, FabricMaster, Fine Fabric Prespray, 4 x 1 gallon Case

Manufacturer: HydraMaster

All HYDRAMASTER ORDERS ARE FINAL, NON-CANCELLABLE, NO REFUNDS, PRICES SUBJECT TO CHANGE BASED ON DATE SHIPPED!

FabricMaster Fine Fabric

Natural and Delicate Fabric Pre-spray for Gentle Cleaning

FabricMaster Fine Fabric pre-spray is designed for the upholstery cleaning craftsman. While many cleaners use carpet pre-sprays on upholstery, the craftsman recognizes the important differences between upholstered fabrics and carpeting, as well as the soils that build up in them. FabricMaster Fine Fabric also recognizes the construction and texture of upholstery to be more delicate than carpet, so it does not use harsh solvents often used in carpet pre-sprays that can affect upholstery construction.

This specialized formula is specifically designed to break down, dissolve, and emulsify the soils and spills most common to upholstery fabrics — body oils, hair treatments, airborne oils, shoe scuffs, spilled food and beverages, crocked colors from clothes, newsprint, and pet hair. This neutral pH cleaning formula is specifically formulated for use on upholstery fabrics constructed with natural fibers, especially fine cottons, and fabrics with delicate, intricate weave textures and patterns. Specialized surfactants are used in this formula do not overwet the fabric like typical surfactants, allowing you to clean the surface without soaking the back of the fabric.

FabricMaster Fine Fabric pre-spray contains the same stain removing additive that is in our famous SpotMaster Pro XP spotter, effectively removing many beverage spills without the need for special stain treatments. FabricMaster Fine Fabric pre-spray can also be used to make a Haitian Cotton shampoo formula by simply mixing 2 ounces of HydraMaster SpotMaster CSR with each mixed gallon of FabricMaster Fine Fabric pre-spray.

Right to Know Info

Below is a list of components required to be disclosed under the California Cleaning Product Right-to-Know Act of 2017.

Ingredient Name	CAS#	Function	Designated List(s)
Water	7732-18-5	diluent	
Butoxyethanol	111-76-2	solubilizer	20
Sodium octanesulfonate	5324-84-5	solubilizer	
C9-11 pareth 6	68439-46-3	surfactant	
Sodium thiosulfate	7772-98-7	Cleaning aid	
5-chlor-2-methyl-4-isothiazoline-3-one	26172-55-4	preservative	
2-methyl-4-isothiazolin-3-one	2682-20-1	preservative	
Magnesium nitrate	10377-60-3	preservative
