

Model Number: 967856101

Husqvarna 967856101 BV 20 H Manual Concrete Screed ENO50 805544669818

Manufacturer: Husqvarna Equipment

Husqvarna 967856101 BV 20 H Manual Concrete Screed 50%OFF Promo Applied

Limited to the next 62 sales / ships from KS location.

Quality that lasts: There's little need for maintenance due to lightweight, non-corrosive aluminium profiles.

Designed for easy use: The lightweight design and articulated handle makes it easy to adjust and operate.

Long reach: The standard inter-connectable handle makes it possible to work from outside the slab with a long reach. The optional extra handle extends your reach even farther.

Professional results, every time: The rigid bottom plate features a slightly V-shaped profile that drives excess concrete backwards and refills any footprints you might make.
