BDC-122M-LP Dust Collector

Small but powerful dust collection system

The Blastrac BDC-122M-LP is a heavy duty dust collection system. The BDC-122M-LP is ideally suited for use with small shot blasting, grinding, polishing and scarifying machines. It comes equipped as standard with an M-class star filter and with a Longopac bagging system, which is easy to mount and handle. Because of this system, there is no contact between the operator and the dust, creating a safe working environment.

Advantages of the BDC-122M-LP Dust Collector:

- Easy to clean using the manual hand shaker on top
- Equipped with a new generation of M-class filter

120 Volts 17 Amps 200 CFM with filters removed.

Sales Brochure for 240 volt version/ This unit is 120 volts 17 amps
