Husqvarna 970514901 DE 110i H Battery Powered 36 Volt Hepa Vacuum 127 Cfm
Weight 58.2 Lbs
970 51 49â€01

Product Description

This versatile HEPA dust extractor is powered by Husqvarna's own 36 V BLi batteries and is an excellent match for handheld battery equipment. It features a user-friendly HMI and an e-flow function that automatically adjusts the air flow while securing high runtime from the batteries. Its high water protection enables fast and efficient decontamination. It also features embedded connectivity allowing you to swiftly monitor location, service and filter status along with other valuable usage data.

(127 cfm rated vacuum motor once removed from housing, actual in use cfm varies based on filters installed.)

Battery on left rear wall of machine is an extra battery storage holder. Battery on the right side is the only battery that operates the vacuum. NO battery is shipped with this model. See bottom of this webpage for battery options.
