

Model Number: PDF5DX

Powr-Flite PDF5DX 2 Speed Axial Air Mover Fan with Handle and Wheels Freight Included

Manufacturer: Powr-Flite

F5 Axial Fan / Air Mover with Handle and Wheels

For structural and carpet drying you won't find a more effective dryer than the F5 Axial Fan. The F5 gives you the versatility you never had before! Built-in GFCI outlets allow you to daisy chain up to 5 F5 axial fans into a standard 15 amp wall outlet perfect for the big jobs when electricity is limited. Use the F5 to dry carpets, rugs, padding, subfloors, baseboards, cabinets, closets, ceilings, attics, furniture, draperies, drywall, paint...anywhere you need high-speed drying.

Features

- High CFM of 3000 dries structures fast
- 2.2 amp draw means fewer blown circuits
- 6 position versatility for every drying need
- 2 speed motor for maximum versatility in multiple applications
- Heavy-duty design and components provide years of service
- DX model comes complete with handle and wheels for added maneuverability
- Stack up to five F5 axial fans for easy transport and storage
