Husqvarna 967854702 LF 50 LAT Soil And Asphalt Compaction Machine 320mm Forward Plate Compactors

#### Description

LF 50 L is a lightweight, fast-operating forward plate compactor, ideal for compacting thin to medium layers of granular soils. A unique plate shape and optimised speed enable fast and easy compaction with high production rates. The exclusive, patented low-vibration handle protects you from unhealthy vibration levels and the compact design with foldable handle make transportation and storage easy.

#### Features

##### Hours of efficient work

The efficient, patented low-vibration handle lowers the vibration levels below 2 m/s<sup>2</sup>, allowing you to work for hours without becoming fatigued or exceeding any regulatory threshold limit values.

##### Easy handling

The lifting eye, foldable handle and optional wheel kit make transporting the compactor easy.

##### Protect the Paving

The optional, easy-to-attach block paving kit protects paving blocks from scratches and cracking.

##### Saving storage space

The handle completely folds to save space, making transport and storage easy.
