

Model Number: 20010

KleenRite 20010, Standard Low pressure Tool wand, w/ 5 foot hose set

Manufacturer: KleenRite

Available in three basic models, this extraordinary tool is cast with a rounded leading edge that allows the operator to clean and vacuum in both directions. The three-inch upholstery tool is designed to swivel 360 degrees, permitting easy tool access into hard-to-reach areas and allowing the hand and arm to remain in a comfortable position providing maximum, ergonomic efficiency.

The head of this patented tool is divided into three vacuum chamber producing excellent cleaning results through gentle agitation and increased extraction. A centrally located, low profile trigger can be comfortably used by left or right handed operators, (please note the factory now includes only a 5 ft vacuum and solution hose.)

This wand is for use on machines that are under 100 psi and do not have an extra heater on board to boost the water temperature

Optional:

Clean Storm
