

Model Number: 20231107

Used 2007 Hydramaster Boxxer 421 Truckmount Machine and Belly Fresh Tank Only 1717 Hours
Item 20231107

Manufacturer: HydraMaster

Used 2007 Hydramaster 421 Truckmount with Belly Mount Fresh Tank
Video Showing it does run <https://youtu.be/tSUIcD4aVtU>

History:

Customer dropped off machine to have us perform complete tune up including and not limited to:

Oil changes completed for the engine, water pump, and vacuum pump.

New Spark plugs

New oil filter

New fuel filter

New fuel transfer pump

New Fuel Primer bulb

Cleaned water Y filter (should be replaced)

New engine drain hose installed

Carburetor was removed, cleaned and rebuild it.

Machine now runs, good engine, vacuum pump and water pump.

Remaining issues we know about:

Heat exchanger leaks.

Needs Temp sender 000-149-039

HydraMaster 000-074-016 Temperature Gauge and Sending Unit Combo 260
degrees F 000-078-977 000-149-039

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

Instead of moving forward with the repair, customer is simply going to sell the machine as is.

We have no way of knowing what remaining issues there are until the machine would continue to be worked on.

In summary the parts alone are worth more than \$2500.

If you removed the engine and sold as is, the water pump sold as is, and the vacuum pump sold as is, the vacuum waste tank, these parts alone would yield more money than \$2500.

This is an excellent buy for someone whom does not mind working on truck mounts.

Location: San Antonio, Texas 78266

Owners Manual

2024-07-08 lowered the price from \$2400 to \$2300 djc-->
