Description

Traditional 55psi pump that is normally installed. Ideal for any detailing job and great for rental units. The heated unit works off only one power cord, making it easier for use in locations with limited power source options. Fastest soil pick-up with high CFM airflow. A durable psi pump delivers heated extracting solution into the carpet. The powerful vacuum motors recover the spent solutions and soils. Includes black carrying-handle that slides out for easy machine transport. Double ball-bearing urethane wheels for easy transport. Heats extracting solution to 200 degrees Fahrenheit with a 600 watt in-line heater!

Factory can take 8 weeks to manufacture this item, please be willing to wait. This is a non-cancelable order.
