This versatile HEPA dust extractor is powered by Husqvarna's own 94 V PACE battery system. It is designed for use with larger hand-held power-tools, floor and hand grinders, shotblasters and scarifiers. Ideal to use when no or insufficient grid power is available. Its performance and sturdiness make the DE 120 H PACE ideal for demanding, heavy-duty applications. DE 120 H PACE is compact and easy to transport, yet powerful. It features a user-friendly HMI and an e-flow function that automatically adjusts air flow while securing high runtime from the batteries. It also features embedded connectivity allowing you to swiftly monitor location, service and filter status along with other valuable usage data. Air Flow
