Must Supply Name, Billing Address, Use/Job site address, TX DL, DOB, and Plate info on vehicle used to pick rental up.

Great control system for using skipper balls and air whips. Works especially well for cleaning dryer vents and flex. Air attachments do not use harsh brushes or rough materials that may damage venting, so you can clean, worry free.

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

Includes:

-Standard, Brass Ball Valve w/ 90 degree turn open/close.

-1/4 in male air hose QD to allow attachment to standard air hoses. QD is removable to allow adaptation to larger size hoses, if needed. Thread size going into gun 1/4 in Mip.

-12 foot rigid sewer jetting hose, allowing for easy pushing through vents.

-1/8 in female QD. Works with most standard skipper ball and air whip attachments with no adaptation needed.

Special pressure release design makes attachments less likely to be lost inside vents, like with standard QD's.

All attachments extra. Can be used with all Heat Seal, Clean Storm, and Nikro branded attachments.

Bundle includes
Heat Seal Equipment SS18 Scorpion Reverse Blast Spinning Brush 4 to 6
inches
