Manufacturer: Husqvarna Equipment

Husqvarna 598884802 SharX Double Segment Grinding Tool 3PCS Redi Lock ENO25

Description

The SharX tool is designed for use on Husqvarna's PG model series, together with the Redi Lock system. As part of the Gold category, the SharX tool has been developed for intense professional use in specialist applications. Products from the Gold category provide maximum cutting speed and wear resistance in heavy grinding.

GTIN 805544434546

Features

- Sold in 3 packs and available with single and double segments
- For fast and easy removal of dense surfaces on hard-troweled concrete floors
- The metal bond ensures that the pads stay opened and sharp even on the hardest top layers
- Compared to traditional grinding tools, SharX will get to the same level of aggregates exposure in less passes
- Optimal use on hard concrete and hard semi-polished concrete
- Designed to produce the highest removal rate on hard concrete floors by staying sharp
- New super-soft bond engineered by Husqvarna metallurgical specialists to ensure optimal diamond exposure in all conditions
- With the Redi Lock system you don't need any equipment to change the SharX diamond tools
